

Mr. Rubio graduated with a Bachelor of Science Degree in Psychology and Biology. Subsequently, he earned his Master of Science Degree in School Building Leadership from St. John's University, New York.

Mr. Rubio began teaching in 2000 as a high school science teacher in his hometown of New York City. During his second year of teaching, Mr. Rubio was chosen by his colleagues as a member of the School Leader Team at Manhattan Village Academy. In 2003, as a Grade Team Leader, his grade level received the award of the Best Grade Level Team by the school's administration. In 2004, Mr. Rubio joined St. Raymond High School team, and the following year, he was credited with replacing the entire Chemistry curriculum. This alteration facilitated the overall school in attaining high scores, or, significant learning gains on the State's Chemistry exams. In 2008, he was named Head of the Science Department. During his tenure as Head of the Science Department, he reconstructed the entire science curriculum and secured funds to build three new science labs at his school. During his teaching years at St. Raymond High School, he earned a scholarship that allowed him to return to St. John's University for further study.

In 2015, he relocated to Washington, D.C. to become the Assistant Principal of a middle school, Meridian Charter School. Moreover, within four months, he was also named the Assistant Principal of the elementary campus concurrently. In 2016, he was hired by FORZA Education Management to become the Principal of Oak Creek Charter School of Bonita Springs K-8. It had been evident in the previous schools that he excelled in enhancing the school's academic programs and advancements. At Oak Creek Charter School, he has also excelled in creating a vibrant and unified school environment where he is respected by all stakeholders. He has been contributing to generating a school setting with a warm and familial atmosphere where the children can thrive; additionally, it is one of those unique schools where that warm and family atmosphere is felt as soon as you enter the school doors. Moreover, Mr. Rubio was instrumental in enhancing the academic learning environment and school facilities at Bonita Springs, now Oak Creek Charter School of Bonita Springs. He is currently enrolled in his doctorate program in education at Florida Gulf Coast University.
